

## Beva® Gel - Material Safety Data Sheet

---

### Section 1 – Identification

Product Name: Beva® Gel

Chemical Name: Ethylene Vinyl Acetate latex and vegetable based product

Formula: Proprietary

DOT Shipping Name: Not regulated by DOT

DOT Hazard Class: Not Applicable

---

### Section 2 – Important Components

Formaldehyde 0.1%

Permissible exposure concentration: 3ppm (OSHA) \_1ppm (ACGIH)

---

### Section 3 – Physical Properties

Boiling Point: 212<sup>o</sup>F

Specific Gravity: 1.12

Vapor Pressure: As water

Vapor Density: As water

Percent Non-volatile: 55 by weight

Solubility in water: dispersible not soluble

pH: 4 to 5

Appearance and odor: Beige gel with a slight acetic odor

Viscosity: 3000cp

---

### Section 4 – Fire and Explosion Data

Flammability Classification: 3B

Flash Point: Non-Flammable

Extinguishing Media: Water, Carbon Dioxide, Dry Chemical

Unusual Explosion and Fire Hazards: None Known

Special Fire Fighting Procedures: Fire fighter should wear self contained breathing apparatus to avoid inhalation of smoke or vapors.

Effects of Over Exposure: Contact with skin may cause irritation or rash.

Eyes – may cause slight irritation or redness.

Emergency and First Aid Procedures: If ingested, induce vomiting and call a physician at once.

Eyes – flush with water for fifteen minutes and call a physician.

Skin – wash affected area with soap and water.

---

### Section 5 – Reactivity Data

Stability: Stable

Conditions to Avoid: None Known

Incompatibility: None Known

Hazardous Decomposition Products: Under severe thermal degradation – low molecular weight hydrocarbons may be formed.

---

## **Section 6 – Spills or Leaks Procedures**

Steps to be Taken in Case of Spills: Clean up with water before allowing to dry. Borax can be sprinkled on the spill, which may coagulate the latex and facilitate clean up.

Waste Disposal Method: may be incinerated or disposed of in a sanitary landfill in accordance with standard procedures used with latex products. Disposal must be in accordance with local, state and federal regulations.

---

## **Section 7 – Special Protection Information**

Respiratory Protection: Should be worn to avoid breathing spray mists or vapors.

Ventilation: Local exhaust and general ventilation recommended.

Protective Gloves: Chemical resistant plastic or rubber.

Eye Protection: Chemical goggles.

Other Protective Equipment: As required to prevent skin contact

---

## **Section 8 – Special Precautions**

Precautions to Take in Handling and Storage: Avoid prolonged or repeated inhalation of spray or vapors. Use adequate ventilation, keep from freezing so product does not coagulate.

---

## **Disclaimer of Liability**

The information in this MSDS was obtained from sources we believe to be reliable. However, the information is provided without any representation of warranty, expressed or implied, regarding its accuracy or correctness.

The condition or methods handling, storage, use and disposal of this product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage, or expense arising out of or in any way connected with the handling, storage, use or disposal of this product.
