

Cobeal, S.A. de C.V. is our manufacturing and sales facility located in Mexico City. We are the second-generation management team and have nearly 40 years family history in the environmental industry. We have been preserving critical museum environments for over 30 years and are dedicated to providing quality archival storage materials and critical environment equipment to the world's leading museums and archival institutions, as well as the private collector.

CAL-IN Technology Transfer is a technical consulting company primarily serving the environmental indoor air quality sector. We are based in Roseville, California. Whether you are looking for conservation, restoration, preservation, exhibition, or archival storage products, we have a myriad of global suppliers with a comprehensive line of products to preserve your collection's order and maintain its condition.

## SHIPPING

### SHIPPING OPTIONS

For orders within the Continental United States, we ship USPS Priority Mail unless otherwise specified or requested.

For international orders, we ship via UPS Ground unless otherwise specified or requested.

## Mat Boards w/Windows

We stock Crescent® brand decorative MATBOARD. It is pH neutral and buffered with calcium carbonate. The board is 1/16" thick or 55-60 points. The facing paper is highly fade- and bleed-resistant. It has a cream core and white back. It is rigid enough to be used as a backing board for smaller mats, to prevent warping during shrink-wrapping. The windows are bevel cut at 45° angle, and are centered for either vertical or horizontal viewing. Mats are available in 24 colors. MINIMUM 5 PER COLOR PER SIZE.

If you currently order full sheets of (32 x 40") Crescent® Berkshire decorative matboard and want to order a color that we don't stock, call us and we'll quote a price. *Minimum 25 same-color full-sized boards.*

### Suggestions

Use our acid-free pololefin shrink film or shrink bags, or our bio-oriented polypropylene (BOPP) sleeves with reseal flap to protect your images from environmental pollutants, fingerprints, and grease.

### Exhibition Mat Kits

2-Piece Set. Window Front – No window back. Comes with enough paper tape to hinge the front window matboard to the back matboard on the long side, as well as for print attachment. Matboard has a pH of 7.0 and is buffered with calcium carbonate. All materials are acid-free. Matboard windows are bevel cut at a 45° angle and are centered for vertical or horizontal display. Minimum 5 of the same size, window, and color.

## Decorative Double Mats

Save time and money by purchasing our DECORATIVE DOUBLE MATS. Double mats add an amazing depth to framed items. The outer mat window (top color, choose 24 colors) is ½" larger than the listed window size (a ¼" reveal). To further enhance the depth of the image, add a V-groove for small extra fee per mat.

### Sizes

*8 x 10 Matboard with 4 x 5 Window*

*8 x 10 Matboard with 4 x 6 Window*

*8 x 10 Matboard with 5 x 7 Window*

### Matboards w/Pinstripes (NEW!)

These screen-printed PINSTRIPE MATBOARDS can be used as the background to mount your favorite team cards, photos or prints. Available in Navy Blue, Royal Blue, Black or Red pinstripe screened on white matboard. The matboard is 55-60 pt., pH-neutral and buffered with calcium carbonate. Pinstripes are spaced in 1" increments. 1/8" border inside mat edge is unprinted.

#### Sizes

- 8 x 10
- 11 x 14
- 16 x 20

#### Colors

- Navy Blue
- Royal Blue
- Black
- Red

#### Quantities

- Sold in packages of 10, 25, 50, 100, 200

### Frame Backings

When choosing a FRAME BACKING you can choose either a pH neutral board or an acid-free board. If you are planning on keeping your framed image as a long-term display piece, an acid-free backing is the better choice. Our acid-free foam board is approved by the Library of Congress for indefinite-term storage.
